The Power of 3 -

PRIDE

YieldGard VT
Triple

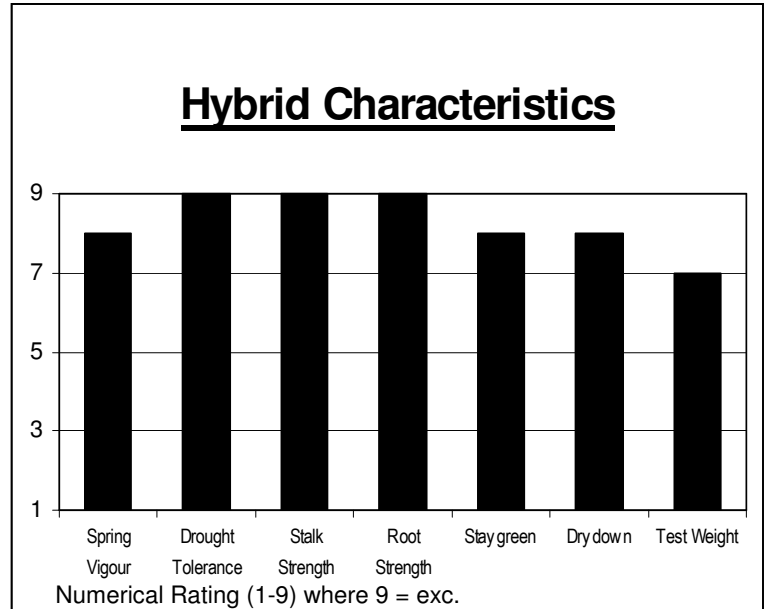

New Outstanding Triple Stack Package

Corn Borer + Corn Rootworm Resistance + Roundup Ready in One Hybrid

Hybrid Features

- Pride G3 'Power of Three' choice for yield and quality
- Features benefits of A7763G3 with new YieldGard VT Triple VecTran technology
- Roundup Ready *crop safety yield advantage*
- Complete inside out protection against corn borer, corn rootworm together with other insects through Poncho 250
- Excellent staygreen and late season intactness
- Excellent emergence
- Medium height plant with excellent standability
- Quick to drydown in the fall with high end yield potential
- Excellent in combination with A7442RR

T·R·S

Positioning/Management

A7764G3 shows excellent performance in all areas under all growing conditions including low to heavy corn borer or corn rootworm pressure. A7764G3 performs at above average yield potential. This hybrid shows excellent spring vigour and will perform well under reduced tillage. Works well in rotation or corn on corn situations given built-in corn rootworm protection. Use A7442RR as an excellent refuge hybrid partner.

Position Against

- DKC57-86
- 36B03

Detailed Hybrid Information

Mid Flowering: 1319 GDU **Black Layer:** 2535 GDU
Plant Height: Medium **Ear Angle Harvest:** Down
Ear Height: Medium **Ear Type:** Highly Flexible
Cob Colour: Light Red **Kernel Rows:** 18
Disease Tolerance: Very good plant health
Corn Borer Tolerance: YieldGard VT Triple (inside out protection against corn borer and corn rootworm)
Harvest Population (000s per acre): 27-30
