FOR ROUNDUP READY® CORN SEED ONLY

Our agreement with Monsanto Canada Inc to handle seed with Roundup Ready® Corn 2 herbicide technology requires us to confirm that the seed will be used only for production of a commercial crop. All producers must have a valid TUA (Technology Use Agreement) **BEFORE** delivery of any Roundup Ready® seed.

IF the Grower has a TUA number, all that is required is that he sign and date the following agreement.

IF he does not yet have a TUA number, he must phone Monsanto Canada in Winnipeg, Toll Free 1-800-667-4944 to register.

This agreement must be completed and signed (including TUA number, Grower name, address, phone number and date) **BEFORE** delivery of any Roundup Ready® seed.

If you have any questions, please do not hesitate to call.

Regards,

W. D. (Bill) Awmack, P.Ag

Local 604.574.7333
Fax 604.574.7331

Please complete the following agreement and return it to me well before your scheduled corn seed shipment.

Quality Seeds...where quality counts!

ROUNDUP READY® CORN TECHNOLOGY USE AGREEMENT (TUA)

Single Season Limited License

This TUA includes a limited license under Monsanto patents (see below) for planting a commercial crop in the country of purchase in one and only one season. The Grower agrees not to supply any of this seed to anyone for planting and agrees not to save any crop produced from this seed for replanting or supply saved seed to anyone for replanting, and agrees not to use this seed or provide it to anyone for crop breeding, research or seed production. To support compliance of this agreement the Grower, if requested, agrees to cooperate with Monsanto, allowing reasonable field access for sampling and testing during the year and following year of the TUA.

Monsanto Technologies are protected under Canadian patent law. Monsanto licenses the grower, under the applicable patents owned or licensed by Monsanto, to use Monsanto Technologies subject to the conditions listed in this Agreement. This license does not authorize Grower to plant Seed in Canada that has been purchased in another country, or plant Seed in another country that has been purchased in Canada.

Roundup Ready® Corn Warranty

If a herbicide containing the active ingredient glyphosate is used over the top of Roundup Ready® corn then the Grower agrees to use only glyphosate herbicide brands registered for this use. Monsanto warrants that the Seed which contains its patented technology shall be tolerant to Roundup brand herbicides which are registered for this use, when applied in accordance with label instructions. Monsanto does not warrant the tolerance of the Seed if any other glyphosate product is used.

Roundup Ready® Corn

For Roundup Ready® Corn the Grower agrees to channel grain produced to appropriate markets as necessary to prevent movement to markets where the grain has not yet received regulatory approval for import.

Licensed Canadian Patents include:

Roundup Ready® corn 1,313,830; 2,074,355; 2,088,661; and 1,325,191;

Monsanto Technologies are protected under Canadian patent law. Monsanto licenses the grower, under applicable patents owned or licensed by Monsanto, to use Monsanto Technologies subject to the conditions listed in this agreement. This license does not authorize Grower to plant Seed in Canada that has been purchased in another country or plant Seed in another country that has been purchased in Canada.

I the undersigned grower or authorized representative of the grower acknowledge that I have read and understand the terms and conditions above and agree to be bound hereby.
